

Spring Migration Birding

Enjoy the diversity of migratory birds at Shenango Wildlife Area along Pymatuning Creek Wild & Scenic River.

Photo by Judy Semroc.

Sunday, April 28, 2019 at 8am: Join ODNR Division of Parks & Watercraft and the Division of Wildlife at the Shenango Wildlife Area, one of Audubon's Important Bird Areas in Ohio. Visitors will have a chance to observe and photograph the variety of migratory birds found at this unique wildlife area.

This FREE birding event is open to the public. Please dress appropriately for various weather conditions. The event will be held rain or shine. Remember to wear appropriate foot attire for hiking on trails, wet areas and light brush. Participants are welcome to bring spotting scopes, binoculars and cameras. We will have a few additional binoculars for participants to use.

The Shenango Wildlife Area surrounds Pymatuning Creek State Wild & Scenic River, designated December 17, 2018. For more information on Ohio's Scenic Rivers visit <http://watercraft.ohiodnr.gov/scenic-rivers/program>.

Directions

We will be meeting at the Shenango Wildlife Area parking area off of Milligan East Road (41.370557, -80.545198). The following directions are from Orangeville, Ohio. Where SR 609 ends in Orangeville, turn left (go North) on Stateline Road and then left again after about a mile onto Orangeville-Kinsman Rd. Proceed about 3 miles to the first road on the left, Milligan Road, and turn left. Go about a mile, and park in the large gravel parking lot on the left side of the road. Contrary to what most maps show, Milligan Road is not open all the way west to SR 7.
