Bucks for Charity

Thank you for your participation and support during Bucks for Charity this past year. Thanks to all of you generous donors, The College of Food, Agricultural and Environmental Sciences contributed \$28,001.00 to help support local organizations. Together, we surpassed our goal of \$23,703.68, proving that when each of us gives a little, it adds up to be a lot – every Buck counts!

We also would like to recognize the FABE and OSUE teams who collectively had the highest participation and donations given.

Thank you again for your continued support in making a positive impact in our local community.

BuckeyeBox

Ohio State has teamed up with Box to offer faculty, staff and students an easy way to share files and folders online. **To sign up for your university BuckeyeBox account, you must visit my.osu.edu.** Once logged in, you need to click BuckeyeBox from the left hand menu. Then, simply accept the Terms and Conditions to enable your account. [Learn more about BuckeyeBox trainings and resources.](#)

CFAES Strategic Alignment and Planning - Please participate

Our collegewide strategic planning and alignment effort is underway. We are focused on both planning and alignment because we want to emphasize what we should do in the future as well as provide clarity about *what* we do. Essentially, we want to ensure that our values, underlying principles for a land-grant college, purpose, and priorities are all aligned. As mentioned in the Dean's weekly update message, we have started a series of online engagement opportunities around focused topics. If you haven't already, please participate in the first set of questions which is now open, but will close at the end of day April 22. The focus is on our strengths and why people (e.g., students, alumni, partners) choose our college. Please contribute your ideas [here](#). Participate as you are able, and stay connected at go.osu.edu/CFAESPlan. We will send 3 or 4 additional (brief!) topical surveys

over the next several months. Responses will be aggregated (no identifying data); so please be candid. *Thank you!*

Diversity and Inclusion April Workshops

Cultivating an Inclusive Environment: Recognizing and Responding to Unconscious Bias

This interactive workshop will explore how identities, beliefs, and backgrounds shape our perceptions of other people in ways that can unconsciously widen the diversity gap and negatively impact us and the people we interact with.
