### Columbus Campus 2019 CFAES Home Football Safety Planning

**All CFAES buildings on the Columbus campus will be locked on home football game days.**

For the 2019 season, CFAES buildings will be secured during the following home games:

Miami (OH)	September 21 <sup>st</sup>
Michigan State	October 5 <sup>th</sup>
Wisconsin	October 26 <sup>th</sup>
Maryland	November 9 <sup>th</sup>
Penn State	November 23 <sup>rd</sup>

All CFAES key-holders (traditional key, BuckID electronic access, or passcode number) have a duty to ensure that the doors you may open during off-duty hours are closed and locked behind you. It is a serious breach of security to allow an unauthorized person into the building, and an even more serious breach to tamper with locking mechanisms so that doors remain open to anyone (such as propping doors, etc.).

If you observe tampering with a door, such as taping the bolt or blocking the door in some way, it is your duty to report it immediately: call OSUPD 614-292-2121. Likewise, if you observe unauthorized people in a secure building during off-duty hours, it is your duty to report it immediately. **It is NOT your duty to make any attempt to resolve the situation; call OSUPD 614-292-2121. In an emergency, call 911.**

For those who work in labs during off-duty hours which coincide with home football games, we ask the following:

1. For safety and security, please observe the “two-person rule.” Given past circumstances, we do not advise that simply having a cell phone is sufficient.
2. All off-duty personnel in the building should please carry their BuckID to show to a police officer or CFAES Safety team member, if requested.

Thank you for your attention to the safety and security of our employees and our campus guests.

### Master Plan Survey and Open Forum

Our college is working on developing a Master Plan to establish a college-wide vision that aligns the college's three campuses: Columbus, Wooster, and Statewide, with our mission and priorities. It will map out facilities investments that are immediate as well as future priorities. In addition to the college-wide vision, the plan will focus in-depth on Waterman, Columbus Mid-West Campus, and the Wooster Campus.

Input and feedback from you is essential to ensure the plan represents all perspectives. **The survey will be sent on Thursday, September 26.** It may appear to be an email coming from Qualtrics. Please watch for this email (including checking your junk and spam folders). Survey participants will be entered into a drawing for a **chance to win one of five \$50 Amazon gift cards.** Thank you in advance for your feedback.

As a reminder, the open forum to discuss **Columbus Campus facilities (including Waterman)** will be held on **Tuesday, October 8, 12:00-1:00 pm** in the Agricultural Administration Auditorium. Lunch will be provided.

Please use the following link to **RSVP by Friday, September 27:**

### CFAES College Brand Website

The Advancement communications team is excited to share the updated and redesigned college Brand website.

The goal was to make it easier to utilize templates, create college branded materials, and provide support graphics and other items to make it easier to include the brand, but also have some freedom to be creative. The goal is to build up college visibility, while maintaining alignment with the University.

- You will find some new templates, and enhancements to make them easier to download and use. As well as simplified requirements.
- The sesquicentennial mark. You are encouraged to use the mark as much as possible as we celebrate, see website for details. As well as, the new 150 email signature. Under Logos tile on website.
- Updated guidelines on the use of the CFAES tag. We want to support building the CFAES tag as a recognized acronym and element for the college as whole. See CFAES Tag tile on website.
- Advancement communications will continue work with University Marketing to ensure alignment and make updates to this website as needed.
- You can email questions, and Request Brand Approval of materials through the website under Templates. The email address has not

changed. [CFAES\\_BAT@osu.edu](mailto:CFAES_BAT@osu.edu)

- And, per the email earlier this year, there is a new University Social Media Policy, which is also reflected on the updated, redesigned CFAES Brand website.

We hope that you continue to care for the Brand and elevate the college that we are all committed to help grow. <https://brand.cfaes.ohio-state.edu/>

### **CFAES Fall Career Expos**

**CFAES Faculty and Staff: Mark your calendar now and plan to join us** as CFAES again hosts multiple career expo events this fall. These events are held so that your students have additional opportunities to interact with business and employers for internships, full-time positions, part-time work, and graduate/professional school admittance information.

These events are also excellent opportunities for our faculty and staff to discuss industry trends and potential classroom collaboration opportunities with our employers.

**FOOD, AGRICULTURAL, and ENVIRONMENTAL SCIENCES FALL CAREER EXPO | Thursday, September 26** Fawcett Center (**Columbus Campus**) | 2-5pm

Over 100 companies and organizations in attendance

**CONSTRUCTION FALL CAREER EXPO | Wednesday, September 25** Fawcett Center (**Columbus Campus**) | 2-5pm

Over 70 companies and organizations in attendance

If you have any questions about these events, want to know more on how you can be involved let us know at [cfaes-careers@osu.edu](mailto:cfaes-careers@osu.edu).

Thank you for your support in helping us spread the word to your students about these great career development events!

### **Last chance to submit your proposals for the 2019 World Food Day Flash Talks**

The Ohio State University Initiative for Food and AgriCultural Transformation (InFACT), the Sustainability Institute (SI), University Libraries and the College of Food, Agriculture and Environmental Sciences (CFAES) are hosting Food Flash Talks on October 17, 2019, as a part of a series of events for World Food Day. In keeping with World Food Day's aim to promote worldwide awareness and action for those who suffer from hunger and for the need to ensure food security and nutritious diets for all, we are looking for speakers who are currently doing research or programming on the environmental, social, political and/or economic components of food production, access and distribution. Each flash talk presenter will have 7 minutes to provide a compelling overview of their work to an audience of students, fellow researchers and members of the general public. **Interested students, staff, and faculty can submit a proposal here by September 20:** <https://forms.gle/zSzRDegkd4kfFNWe8>.
